**6th Annual Health & Safety Conference and Exhibition**

# Safety2006 - A Huge Success

Following its debut in 2002, IFAP's annual safety conference has continued each year rapidly gaining a reputation as Western Australia's leading event for safety professionals. Last year's Safety Conference, proudly sponsored by GIO and Kirfield Limited, attracted more than 390 like-minded professionals to network and learn about steps others have taken to promote and improve their safety and health performance, as well as 39 exhibitors and a host of quality speakers.

Delegates represented a wide range of industry sectors, including oil and gas, government, manufacturing, construction, mining and utilities.

A total of 23 speakers were featured over the two day event which followed the continuing theme of Practical Workplace Solutions and had a key focus on Corporate Governance and Risk Management.

The highlight of the Safety2006 Conference was a series of three high-profile keynote presentations by Professor Andrew Hopkins from the Australian National University; Superintendent Keith Williams who was involved with the Beaconsfield Mine Rescue; and Dr Maggie Goldie, Vice President EHS - Tyco Fire & Security.

A safety exhibition was held in conjunction with the conference allowing delegates and other guests direct access to a wide range of safety products and services. Exhibitors were delighted at the opportunity to liaise directly with key safety decision makers for the duration of the conference with many delighted with the exposure to new and existing clients they received. IFAP would like to thank the exhibitors for participating in the Safety2006 Conference and Exhibition and looks forward to their participation again in 2007.

## Exhibitors

IFAP is offering businesses the opportunity to maximize their corporate exposure and accessibility to a broad audience of key safety and health professionals, decision makers and industry representatives.

For the first time this year, our interactive exhibition area will showcase "The Exhibitor Product Platform", which will allow for added exposure to exhibitors.

As in the past, all catering and award ceremonies will take place in the exhibition area, once again to ensure the highest level of delegate/exhibitor interaction.

There are currently a few openings on the exhibition floor. For information on how to secure your exhibition booth – please contact Vertical Events on (08) 9388 2222 or complete the form on the back page.

## Sponsors

Exclusive Sponsorship Packages are available for sponsor. Sponsorship at this conference offers a wide range of benefits. Sponsorship enquiries can be discussed with John Johnston, Marketing/PR Officer, IFAP on (08) 9388 2222 or email [info@vertical-events.com.au](mailto:info@vertical-events.com.au) or visit the conference website at [www.vertical-events.com.au](http://www.vertical-events.com.au) for more information about the Safety2007 Conference.

#### IFAP Corporate Golf Day

Novotel Vines Resort  
27 September

## Join us for Safety2007

In the shrinking OSH world, the regulatory framework, challenges, and public accountability facing companies are the same regardless of size.

WA is leading the nation in economic growth. The impact this places on the OSH profession is significant.

The skills shortage is felt by the OSH community as we scramble to attract experience and skills to the profession, whilst at the same time trying to update our skills.

The Safety2007 Conference is an opportunity to gain an insight into how industry is meeting these demands and challenges. It is a forum for networking and benchmarking with your peers in the OSH profession.

The theme of practical workplace solutions continues into the 6th year of this safety event which I am proud to say is rapidly becoming a 'must see' event on the safety calendar.

**Martin Ralph**  
MANAGING DIRECTOR  
IFAP
